

CLEARWATER CRUISES

Clearwater Cruises specialises in hosting private groups and the discerning traveller. For on-water and land-based activities suitable for a small intimate gathering or large group looking for freshwater excitement.

We invite guests to step aboard one of the luxury charter vessels, where they will be greeted with a chilled glass of champagne. Relax and enjoy a scenic cruise on picturesque Lake Tarawera. This lake lies at the foot of majestic Mt Tarawera, crystal clear waters fringed by native forest and sandy bays provide the perfect setting for a variety of activities, with something for everyone.

Lake Tarawera is renowned for its trophy sized rainbow trout. Guests can experience the excitement of catching these prized fish using a number of traditional methods. Once landed, the trout can be enjoyed sashimi style, baked in thermal sands at Hot Water Beach or barbecued aboard the vessel.

For pure adrenalin, try skimming the water on a three-seater jet ski or being towed on a four person banana boat.

After an exhilarating day of activities, enjoy a relaxing soak in the natural thermal waters while the crew prepares a sumptuous meal showcasing the best of local New Zealand produce, complemented by fine New Zealand wines and refreshments.

Qualified, friendly and professional staff with abundant local knowledge, ensure guests complete satisfaction and safety. Nothing can match the fun, entertainment and enjoyment while on board with Clearwater Cruises.
