

BLACK CAT SWIM WITH THE DOLPHINS AKAROA

There is only one place on the planet where you can swim with the unique New Zealand Hector's dolphins - and that is the beautiful sheltered setting of Akaroa Harbour. Akaroa is a delightful scenic township with a unique French flavour about 90 minutes drive from Christchurch. Black Cat Cruises departs daily from the Main Wharf on a modern catamaran offering ultimate safety for you and the dolphins. Everything is provided including wetsuits, masks, snorkels, hot showers, hot chocolate and a free gift pack. There is also the chance to purchase a photo of you swimming with dolphins, and you can watch the dolphins from the vessel. Winner of the Supreme Tourism Award 2003/04.
