

## OVER THE TOP - THE HELICOPTER COMPANY

Over The Top's adventure began in 1986 when Louisa (Choppy) Patterson realised her dream to show secret parts of New Zealand to those desiring an experience available only to the discerning traveller.

To relax on a sandy beach where solitude is guaranteed, drink champagne at a remote alpine lake, land on a pristine glacier, or meander through a rainforest. The Flynz tour is a very special guided New Zealand helicopter tour featuring award winning lodges and time spent meeting very special New Zealanders with whom guests may share their leisure activities.

The company operates a fleet of distinctive modern black helicopters - the quality of which reflects the prestigiousness of our tailor-made experiences.

Safety is paramount with the company being awarded nationally and internationally.

In keeping with the distinctive high standards of the tours and aircraft, Over The Top's pilots are all highly trained with proven and extensive experience. Well travelled, sophisticated and socially confident, the team ensures a guest's experience is extraordinary, memorable and uniquely special.

### RECOMMENDED SCENIC FLIGHT PACKAGES:

#### MILFORD EXTRAVAGANZA (3.5 hours):

*Fly over the Southern Alps on an unforgettable flight to Milford Sound. Land, take a stroll and absorb the natural beauty of Fiordland*

*Experience the rugged West Coast and a glacier landing before touching down at a secret wilderness site for some Over The Top hospitality including champagne and cheese board*

#### DART RIVER JET BOATING & MILFORD SOUND:

*Board your jet boat for a journey up the Dart River Valley to Sandy Bluff. From here your black helicopter will whisk you away on an unforgettable Milford Sound flight*

#### MILFORD SOUND HELI CRUISE:

*Enjoy a relaxing personalised Milford Sound experience by helicopter and a small boat cruise. "You'll get close up views of Mitre Peak, cascading waterfalls and lush rainforest." During your cruise keep a look out for wildlife, as sightings are common*
