

KIWI MOTORCYCLE ADVENTURES

New Zealand offers the discerning motorcyclist one of the most variable terrains and riding climates anywhere in the world. In just one two week tour the temperature can soar to 30 degrees centigrade and two days later you will be riding mountain passes in snow flurries. From 90 mile beaches to plains, volcanic plateaus, lush farmland valleys, mountainous passes, snow-capped mountains, rugged coastal roads, beach forests and of course many winding roads. New Zealand's small population for the size of the country allows endless miles of uninterrupted motorcycle touring.

Kiwi Motorcycle Adventures are the first in New Zealand to offer the KTM 950 Adventure as a rental motorcycle. Its race abilities are already proven in the annual Paris to Dakar Rally, one of the toughest world endurance events.

The tour routes incorporate diverse and spectacular scenery of New Zealand as well as incorporating the cultural background and history of the country. In general the tours cover the major tourist destinations, but have different scenic routes depending on the length of tour.

NORTHERN KIWI — 10 DAY TOUR:

Fully guided tour from and finishing in Auckland. The tour incorporates the Far North, 90 Mile Beach, the Bay of Islands, the North Island's west coast, the volcanic plateau and the east coast

KIWI EXPRESS — 12 DAY TOUR:

Fully guided tour of the South and North Islands, starting in Christchurch and finishing in Auckland. The tour includes a free day in Queenstown and a half day in Rotorua

KIWI EXPLORER — 17 DAY TOUR:

The seventeen day fully guided tour starts in Auckland and finishes in Christchurch. The tour averages 280km (175 miles) per day and includes free days in Rotorua, Nelson and Queenstown

The packages include bike hire, insurance, breakfast and dinner daily, petrol, tour guide, accommodation, interisland ferry (for 12 & 17 day options) and minibus back up. Other options include free & independent tours (rental) and customised tours
