

# UNIQUE & PERSONALISED *rainforest untouched*

A supreme day tour for the discerning traveller including some of the Tropical North's true icons.

Luxury touring to the discerning traveller must extend its boundaries beyond plush surrounds and extra ordinary service. This supreme day tour encapsulates these high standards and includes some of this region's true icons.

At Hartley's Crocodile Adventures, a Wildlife Keeper will personally guide you through the park, explaining the uniqueness of the Australian flora and fauna and will give you the opportunity to handle a baby crocodile. Take to the water on an exclusive wetlands wildlife cruise, before a sumptuous lunch including samples of wild Australian game.

Upon arrival at Skyrail you will be greeted by your Ranger and given the opportunity to participate in a World Heritage corridor regeneration program. Your ranger will then join you on your journey to Red Peak Station for an informative guided boardwalk tour. After a short break in Kuranda our next highlight is seeing the transformation from sclerophyll forest to dense World Heritage Rainforest as we engage four wheel drive. View termite mounds, giant strangler figs and creek crossings before arriving at picturesque Lake Morris for a delicious afternoon tea.

All of this in a luxuriously appointed 4WD with only a small group of like-minded travellers as company, and a private Aussie guide. This experience of Australian offerings is sure to redefine your acceptance of the term luxury touring

*\* Due to the sensitivity of this World Heritage Area an alternate route may be used.*

### DESTINATION CAPE TRIBULATION

**SOUTHERN  
WORLD**  
AUSTRALIA

The Daintree and Cape Tribulation region presents an array of unforgettable ecological and Aboriginal cultural experiences for the discerning traveller.

We journey to the Daintree Eco Lodge, nestled amongst the world's oldest living rainforest remnants by the majestic Daintree River. Be enthralled as you are exclusively guided by an Aboriginal member of the Kuku Yalanji tribe through the rainforest to discover ancient bush foods, tribal stories, medicinal plants, and the magnificent waterfall imparting sacred healing powers to the Kuku Yalanji women. A delectable morning tea provides refreshment.

Enjoy a calm water cruise through the biodiverse mangrove system of the Daintree River. We coast silently along, making barely a ripple as we observe a myriad of exotic wildlife hidden in the rainforest shrouded waterway.

Situated on a private stretch of pristine beach where the dense green rainforest verges on the reef, the Coconut Beach Resort provides a unique gourmet dining experience. Following lunch, take a stroll along the Cape Tribulation beach.

We discover yet another facet of this diverse region, pausing at the Jindalba Boardwalk to explore lowland rainforest home to tree kangaroos and cassowaries.

On our journey back to your accommodation, we take in spectacular views at Alexandra Lookout before visiting the luxurious Silky Oaks Lodge hidden in ancient rainforest wilderness on the banks of the Mossman River. Its time here to sit back and reflect on an unparalleled day spent exploring World Heritage rainforest before we make our return along coastal roads.
