Travel Tips

From the Outback to the Reef, Australia is a land of great diversity. It offers stunning scenery, spectacular white sand beaches and a wide range of interesting and unique animals. Take a journey with us through this magnificent land.

Business Hours

General retail trading hours throughout Australia are Monday to Friday 9.00am – 5.00pm. Saturday is either 9.00am - 12 noon or through to 5.00pm. Sunday shopping is available in most city centres and suburban malls. Please check with your Hotel Concierge for local information on trading hours.

Currency

The Australian dollar is the basic unit, divided into 100 cents; coins are 5c, 10c, 20c, 50c, \$1, \$2 and notes are \$5, \$10, \$20, \$50 and \$100. Due to the discontinuation of 1c, 2c pieces, purchases made in Australia are subject to "rounding" of amounts either up or down. Most retailers have adopted the 'Swedish Rounding System' whereby prices ending in 1 to 4 cents will be rounded down and prices ending in 6 to 9 cents will be rounded up.

Banking/Travellers' Cheques

Banks open Monday-Friday (except public holidays), 9.30am-4.30pm. Automatic teller machines operate on a card/PIN number system. Cash can be withdrawn 24 hours a day. Use of EFTPOS (Electronic Funds Transfer at Point of Sale) is common. All international credit cards (American Express, Diners, VISA, and MasterCard) are accepted. Travellers' cheques may be changed at banks and hotels.

Goods & Services Tax (GST)

Goods and Services are taxed 10%. This tax is usually included in the advertised price.

Tipping Guidelines

In Australia tipping is generally not customary and is only exercised as a genuine thank you for receiving great service. There is no obligation to tip, although the practice is common within the restaurant and tourism transport industries.

Tips for good service:

1. Restaurants, a tip of about 10% is generally sufficient for good service with 15% for exceptional service.
2. Luggage Porters AU\$2.00 per piece.
3. Coach drivers and guides receive for touring (not transfers) around the AU\$5.00 per person per day, however tips should not be given for average or below average service/driving or commentary.
4. Private Drivers for transfers should be only tipped for excellent service (around AU\$10-20 total). The same applies for touring with a Driver/Guide, with tips for excellent service being anywhere from AU\$40-100 depending on the level of service.
5. Small group touring should be only tipped for excellent service (around AU\$20 per person).

Electricity Supply

Australia's electrical current is 220/240 volts accepting 3-pin plugs. An adaptor can be used but it is important to note that they do not convert voltage. Universal outlets for 240v or 110v shavers are usually found in leading hotels.

Emergencies

Dial 000 for police, fire or ambulance services.

Telephone Local Area Codes

Australia uses 8-digit local phone numbers preceded by a 2-digit STD area code.

02 Central east region (NSW) New South Wales, (ACT) Australian Capital Territory

03 South east region (VIC) Victoria and (TAS) Tasmania

04 Mobile telephones Australia-wide

07 North east region (QLD) Queensland

08 Central and west region (WA) Western Australia, (SA) South Australia and (NT) Northern Territory

For example, if you are calling Canberra in the ACT from interstate, first dial the STD area code 02, then dial the local phone number.

Health Services

Public and private health facilities have a high standard of treatment and care. Larger hotels often have a local doctor on call; otherwise, doctors and other medical services are listed in the front of the local telephone directory.

Pharmaceuticals and Medicines

These are available from chemists/pharmacies during normal shopping hours. Most cities have urgent dispensaries open outside these hours and your Hotel Concierge will have a list of these. Chemists also sell cosmetics, insect repellent and sun protections.

Climate

The southern parts of Australia have four distinct seasons, the opposite of those in the northern hemisphere. When it is winter in Europe and North America, it is summer in Australia. You will hardly see snow, apart from the mountainous regions in eastern Victoria and southern New South Wales. Australia's north is in the tropics which has two seasons, the dry and the wet; both have high temperatures year round. The centre has a typical desert climate, hot days and cool , which can be very cold in winter.

Sun Protection

Due to Australia's high level of ultraviolet radiation it is highly advisable to wear sun protection such as sunglasses and/or a sun hat and to apply sunblock (SPF 30+) even when the day is overcast.

Water Supply

Tap (faucet) water is safe to drink. City water is chlorinated; most water is fluoridated. Water sourced from rivers and lakes should be boiled or treated before drinking.

Time Differences, Time Zones and Daylight Saving

Australia's East Coast is 10 hours ahead of GMT (Greenwich Mean Time) during the months of April to September (Standard Time) each year. With a land mass close to 7.7 million square kilometres, Australia is the world's sixth largest country and during Standard Time it is divided into three separate time zones.

Time Zones:

Australian Eastern Standard Time (AEST)

Covers the eastern states of Queensland, New South Wales (with the exception of the town of Broken Hill), Victoria, Tasmania and the Australian Capital Territory.

AEST is equal to Coordinated Universal Time plus 10 hours (UTC +10).

Australian Central Standard Time (ACST)

Covers the state of South Australia, the town of Broken Hill in western New South Wales and the Northern Territory.

ACST is equal to Coordinated Universal Time plus 9.5 hours (UTC +9.5).

Australian Western Standard Time (AWST)

Covers Western Australia.

AWST is equal to Coordinated Universal Time plus 8 hours (UTC +8).

Daylight Saving:

Daylight Saving Time begins at 2.00am on the first Sunday in October, when clocks are put forward one hour. It ends at 2.00am (which is 3.00am Daylight Saving Time) on the first Sunday in April, when clocks are put back one hour.
